WILLIAM LEVINE HALL - ROOM 115

Faculty Reports

- Dean Barone
- Dean Woodward
- Dean Cintron

Guest Speakers – Architects for the new pharmacy school building

- Starting construction October 2015 and finishing Fall 2017
- Initial budget was for 2 floors, but research floor (3rd floor) was out of budget
- 1st floor
 - Student commons – lounge seating, dining seating
 - 2 large lecture halls – 250 capacity – fixed tables and movable chairs and natural lighting
 - Community practice/assessment suite – patient assessments rooms, exam rooms, classroom all included
 - Small group rooms for students in commons – can sign up for them electronically for hour or 2 at a time
 - Administrative space
 - Café – with Pete's coffee
- 2nd floor
 - General purpose classrooms – 60 capacity and can rearrange tables and chairs
 - More student study spaces – with some lounge furniture
 - Dean's suite
 - Stimulation/sterile practice lab – 4 stimulation rooms with mannequins in a hospital setting, debrief rooms, control room looking into those rooms
- Wireless and lots of outlets will be all over the building
- 4 flexible classrooms have moveable furniture that are on casters – tables can flip and nest and store them in small space
- 3rd floor plan was research space and university decided that it was not necessary so is not a part of the project
 - Need \$10 million
- Lounge space currently here will stay – can renovate it for commuters
- Exterior – stone base, columns, resembling terra cotta clay
- Secondary entry to psychology and parking garage
- Won't interfere with classes already going on – different access to enter the building
 - There will be a fence that wraps around the construction zone so we will have to get in from the side or go through EOHSI
- There will be 3 doors to get into the building
 - We hope to have a swipe system into the building for more student space
 - The group study rooms will be swiped
- Big plans to change curriculum
 - 2 credit communications course in P3 year will change to every year utilizing the pharmacy suites on the first and second floor
- More study space needed!
- Printing room with Rutgers printing but no computer lab
- There will be shades in the classrooms to block out the sun and for projector
-

Officer Reports

- Ann Lee, University Senator

- Email annhyunahlee@gmail.com if you're still interested in participating in planning Destress!
- Shivani Shah, Recording Secretary
 - PGC Calendar Event Form
 - Send your events 2 weeks in advance to be eligible for reimbursement on the calendar
